GEORGE PHINEAS BUTLER—A CHARACTERIZATION

One never feels his inadequacy so much as when he stands in the presence of a great Christian personage and attempts to sum up the qualities and virtues of his full-orbed life. The late Dr. George P. Butler was more than a school administrator, more than a teacher, more than a lover of youth. His interests knew no narrow professional bounds, but were as wide as the far horizons of Christian service and civic duty. I offer Wordsworth's "Character of The Happy Warrior" as the best characterization of the great soul whose memory we revere.

"Who is the happy Warrior?"

"He labors good on good to fix, and owes
To virtue every triumph that he knows:
Who, if he rise to station of command,
Rises by open means; and there will stand
On honorable terms, or else retire,
And in himself possess his own desire:
Who comprehends his trust, and to the same
Keeps faithful with a singleness of aim;
And therefore does not stoop, nor lie in wait
For wealth, or honors, or for worldly state;
Whom they must follow; on whose head must fall,
Like showers of manna, if they come at all:
Whose powers shed round him in the common strife,
Or mild concerns of ordinary life,
A constant influence, a peculiar grace;
But who, if he be called upon to face
Some awful moment to which Heaven has joined
Great issues, good or bad for human kind,
Is happy as a lover; and attired
With sudden brightness, like a man inspired;"

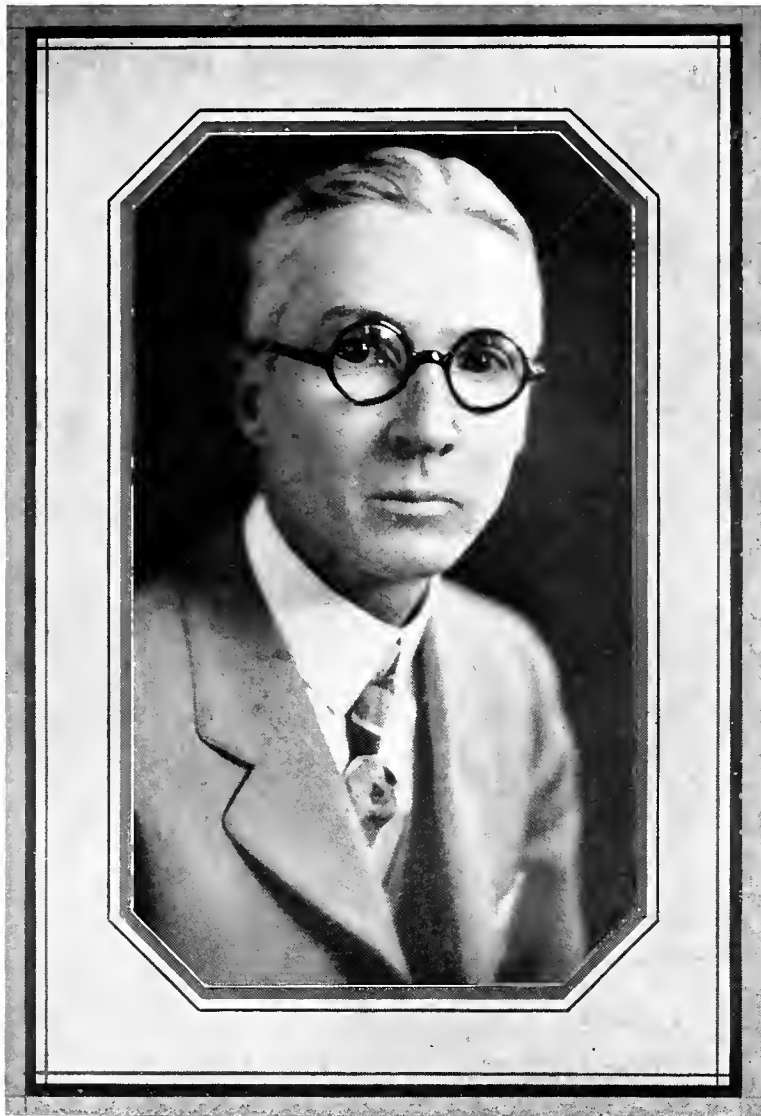

"This is the happy Warrior; this is he
That every man in arms should wish to be."

PRESIDENT J. L. SKINNER

In this copy of the RAINBOW will be found many pages which will, in years to come, bring back to your mind sweet and fond memories of your school days at Old Richmond and at Junior College. As you turn these pages now, and also in later life, may I remind you to think of the significance of the title of this book, "The Rainbow"—a symbol of promise, with its five dominant colors, Red, Yellow, Green, Blue and Violet; blended by God into a matchless creation of beauty.

In your life, may the Red be indicative of your Youthful Vigor, your Enthusiasm, your Energy, your Self-Confidence; may the Yellow indicate your Worth, your Strength of character, your Stability; may the Green represent your continued Growth, your physical, mental and moral Development; may the Blue stand for your Dependability and your Truth; while the Violet will represent the sweet fragrance of your Love and your Service to your fellowmen. Then let all of these attributes be blended into a matchless creation of a beautiful LIFE, and you will then have been true to the principles of your Alma Mater.

DEAN ERIC W. HARDY

Fellow-Students:

The two greatest questions that youth ever asks are these: "Is there a formula for success?" "What is success?"

The sublimest, and at the same time most challenging conception that can come to you, is that you are a co-worker with God in doing the unfinished work of the world. If success means to you to make your proper contribution to the ongoing of the Divine process of social betterment and redemption, and to come to the end with clean hands and a pure heart, then I dare to record here my formula for success.

The only power that will ever redeem the world from error is the power of brains and character. **HE WHO WOULD ACHIEVE SUCCESS MUST NOT ONLY KNOW, BUT BE.** Through constant communion between the Divine and the human mind, we come to comprehend the rule of right, the symmetries of character, and the requirements of perfection. And as we recognize that these are not mere provincialisms of this planet, but that they are known among the stars, life's vocation becomes clear, and we rise to the full dignity of man.

Faithfully yours,
ERIC W. HARDY.

CLASS PROPHECY

SOPHOMORE CLASS J. C. A.

Last Wednesday afternoon we went up to Mr. Scruggs' laboratory with the intention of performing one of our experiments. The room was filled with apparatus which was connected in a weird fashion, all criss-crossed with electric wires. Sparks, feet in length, were shooting about the room. In the midst of all this conglomeration we became excited and started out to call the fire department, but just at this moment Mr. Scruggs called us. We looked around; and behold, there before our eyes was an unbelievable sight. Mr. Scruggs was over in the far corner of the laboratory behind a large glass retort, applying a flame to it, while the contents were boiling and sending forth a steam into the long chain of apparatus.

Mr. Scruggs explained to us, that a week ago he read "Doctor Heidegger's Experiment," and marveled at how the doctor had made a chemical which was capable of restoring youth. He explained, however, that his chemical would produce an opposite effect, he believed. After taking it, people would be able to see far into the future. We walked over to the end of the apparatus where the liquid was collecting in a bottle. He said that no one had used the liquid so far, but that he would like for someone to try it. I immediately volunteered my services. I drank about an ounce of the ghastly liquid and like a flash of lightning I was thrown into a trance. I was carried in my dreamy visions to the year 1954, where I visioned all the members of the class of 1934 in their different stations of life.

Grace Allgood, Louise Blackstone, and Ruth Hardman are teachers of some reputation at John Milledge School.

Ed Bailey and Tracy Levy are the leading surgeons of Augusta. They prefer using carbon monoxide instead of ether in their operations, because they say it is less painful. They haven't had a patient to complain yet.

Emma Ruth Barksdale and Eva Harris are happily married. They attribute their successes to the psychology they learned from Mr. Galloway.

Katherine Bishop has employed Cook Barwick as her permanent "cook." He seems to have been very successful.

Agnes Heffernan is basketball coach at J. C. A. "Mickey" Edwards is her assistant. The girls at J. C. A. seem to be very successful under the coaching of these girls. They have won the Pumpkin Center championship two years in succession.

Louise Battey and Ruth Jones are traveling in Europe, broadening their education by travel and adventure.

"Bill" Blaudenberg is a corporal in the army. They say he is very proud of his high command.

Julius Bolgla and Tom Fulghum have built up a very reputable medical practice in Hamburg, S. C.

Frank Grady is a professor of mathematics at West Point.

Rebecca Guest owns a great interest in a certain adding machine company.

Jimmie Greene is football coach at McBean University.

Martha Hardin is still trying to find her ideal mate.

Myrtle Fooshe has taken Mrs. Eubanks' place in the office. She calls every absentee's home. Wonder if she calls anyone else?

Marion Currie is a great student of chemistry. He is still working with Mr. Scruggs, trying to persuade him that you don't have to perform experiments to get results in the lab.

Job Clark recently came out of his silence, and declared that he had found the fourth dimension.

Theolu Briggs is professor of Chinese at Gracewood.

Miriam Fullbright is director of athletics at Tubman.

Were you alarmed when you heard that Katherine Leipold and Katrine Rawls had discovered a new chemical substance? After working for over three years, they came across nitro-ethyl-di-phenyl- β -amino-hydroxy-benzyl acetate.

Mina Lee Rubenstein has devised a new eighteen day diet. She says there is no reason why she cannot have a figure like Mahatma Ghandi if she resorts to his system.

of fasting.

Neal O'Shea has taken Einstein's place in the world of science. He has found the fourth dimension that Einstein looked for so long.

Roswell McRae, James Powell, and Harry Jackson are world travellers. They recently made a bicycle trip to Winnipeg, Canada. They recently visited Henry Eve and Vaughn Warthen who live near the South Pole. These two fellows live in Iceberg.

Alex Kelley and Emile Hummel have discovered a new type of motor fuel that has tended to increase the sale of automobiles. You use the fuel once and then you have to buy a new automobile.

You would be surprised to see Margaret Merry now. When we left J. C. A., she was a wee little girl, but now she is a full grown lady.

Elizabeth Lee has accomplished something in life. She has learned to speak French perfectly.

Vivian McGahee and Juanita Haynie recently played for the women's national tennis championship.

Harry Dawson and DuBose Egleston are doing research work on top of Pike's Peak.

Frank Doremus has taken Bing Crosby's place in the movies.

Mary Tutt Love and Roberta Ingle have entered the great sea of matrimony.

Nelle Legwen is a society columnist for the New York Times.

Elizabeth Daniel has crashed the movies. They say she won the contract formerly held by Ann Harding.

Sarah Brown is a successful teacher. Many are the students she has kept on the right path.

Billy Faughnan is a successful business man. He owns an ice cream stand at East Boundary. It is said that his business is so successful that you can have an ice cream cone delivered to the aviation field for five cents.

Lester Bohler and Ann McLendon are members of the furniture department of a large department store in Hamburg, S. C.

Mary Hull and Lois Partridge are models for painters. They have become quite popular with the reading public as their pictures appear on the fronts of magazines very often.

Leroy Holley just recently completed a new skyscraper building for Augusta.

Elizabeth Hutchinson, Helen Kessel, and Dorothy Huntington have just finished writing a book on why children should be better.

Frank and Dick Mulherin are golf professionals at the Hepzibah national golf course. They have as their caddy master, Alvin Brisendine.

Keene Hammond has become quite a seaman. He owns a boat line operating between Augusta and Hamburg, S. C.

Harriet Reed and Carolyn White are competing for the title of Miss America.

Jonnie Mae Witt and Harvey Wilson are professors of chemistry at J. C. A.

Marie Whitney and Eugenia Symms recently completed a book on the life of Mr. Read.

Geneva Sheridan owns a tabernacle which is located at East Boundary. "Toots" has become quite an evangelist.

Sweeney is operating a snake exhibit in Johnnie J. Jones carnival.

Bates Smith and Carswell Williams are the tiddle wink champions of Augusta.

Frances Wheelless, Geraldine Woodward, and Ellen Trigg are office girls in the hardware store of Saggus, Saggus & Saggus, Inc.

Dick Wade is now a mess sergeant in the army.

L. A. Russell has taken Clark Gable's place in the movies.

Frank Stellings is a professor at Medical College.

Veda Reville and Elizabeth Storey are successful teachers. We understand that they are quite proficient in their psychological methods.

Anne Wiggins is singing for the Chicago Opera company.

Josephine Watkins is a chemist of some note. She recently demonstrated to Mr. Scruggs that an atom was not an atom at all, but something we talk about and never see.

Lloyd Folsom is a city councilman. Some day he might be President, who knows?

Frank Hardman is playing in a jazz orchestra.

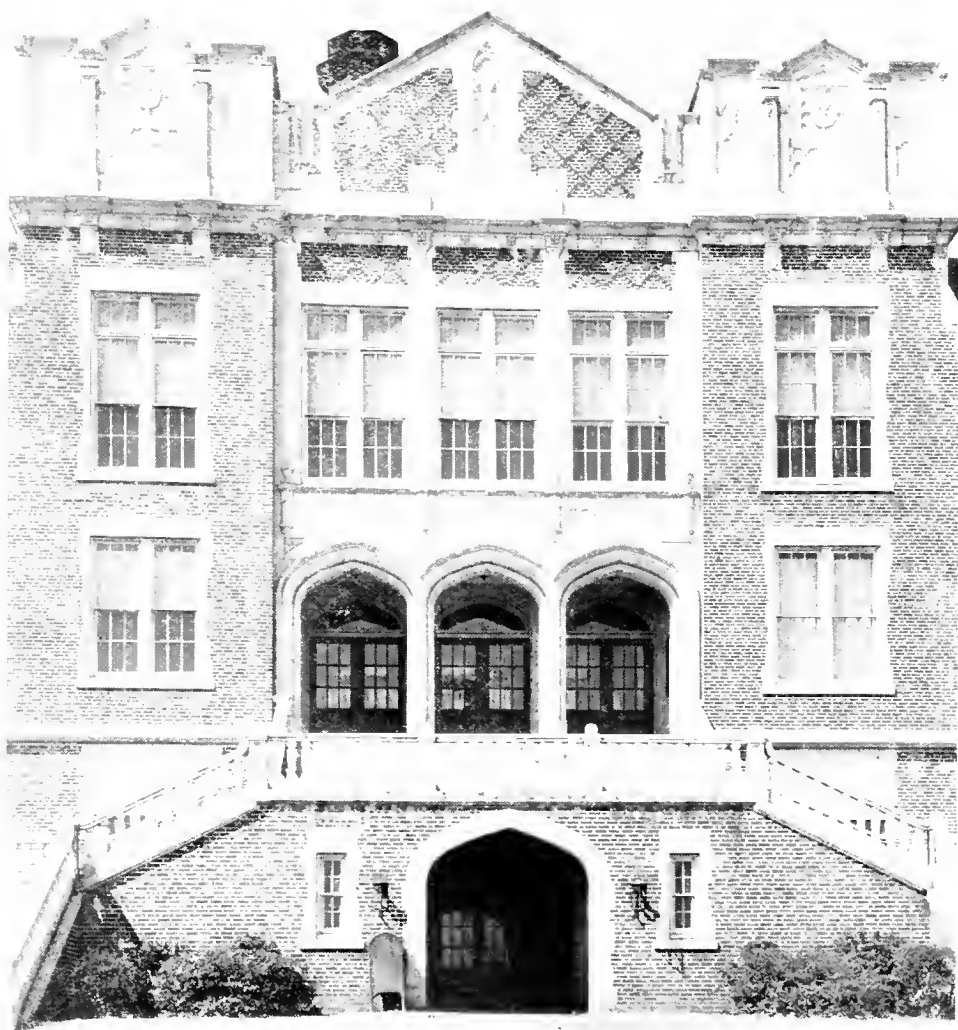

Tom Saul is a successful cotton broker.

James Watkins is owner of the Augusta Herald.

Richard Black liked the old Alma Mater so well that he is back teaching physics. Mr. Talley lost his mind explaining to Black.

Believe It or Not,

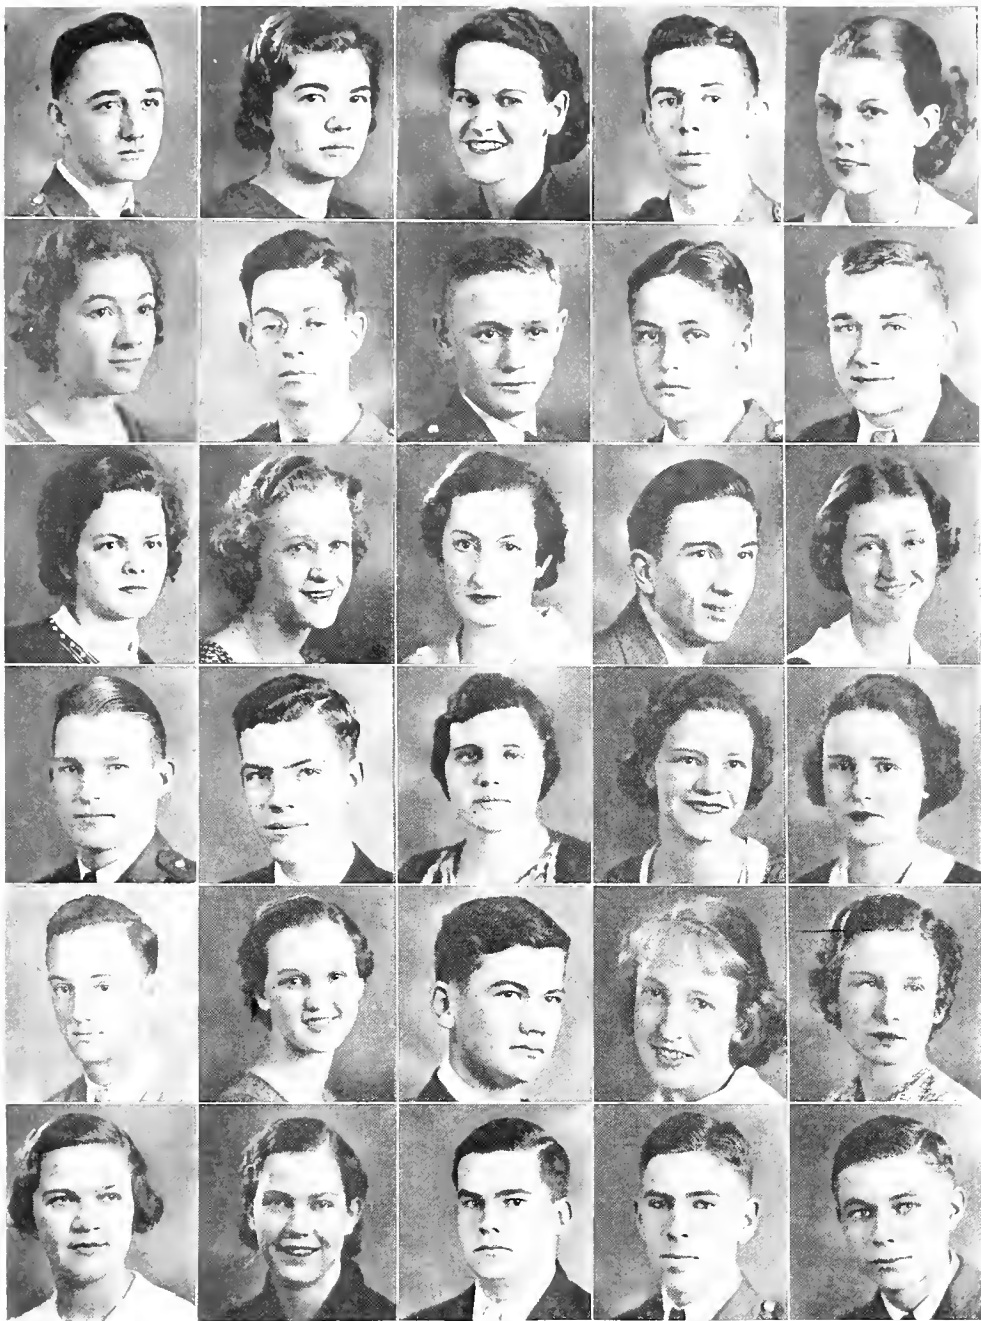

ED BAILEY.

C. A. LEIPOLD

Lieutenant 4; Winner Tennis Tournament 2; Winner of Tennis Doubles, 3; Basketball 2, 3 and 4; Football 3 and 4; President Junior Class; President Senior Class; Student Council 4.

It has always seemed apparent that "C. A." would be a natural leader. Whether on the basketball or football team, he has fought to the best of his ability to win glory and fame for the dear old A.R.C. What could have been more appropriate than to have this boy reach the highest student office, president of the senior class?

B. E. PIERCE

Football, '30, '31, '32; Track, '32; Vice Pres. Junior Class; Vice Pres. Senior Class; Student Council '34; Hi-Y, '33.

Ben is very popular among his classmates, and has a host of friends. He has been active in athletics, having been a member of the track and football teams. We nearly lost him last year when he hooked a forty-pound channel bass. Ben tried to hold on, even though the bass headed for China.

CHARLIE P. COLEMAN

High Honor 1 and 2; Highest Honor 3 and 4; Captain 4; Academy Literary Society 1, 2, 3; Pres. 2; Glee Club 3 and 4; Track Team 3; Sec'y of Senior Class 4; Editor in Chief of Musketeer; Gold "R" 3.

Charlie's attractive personality and knack of making friends have made him one of the most popular boys in his class. While making Highest Honor in his school work, he has proved himself an able editor of our "Musketeer." Due to his marked intelligence and strong character, we shall look forward to hearing of Charlie's success in later life.

DAVID SAMUEL DALEY, JR.

Captain '34; Member Saber Club; Football letter '32, '33 and '34; Co. Football '30; Basketball letter '33 and '34; Captain team '34; Track Squad '33 and '34; Treasurer, Senior Class '34; Student Council '33; Glee Club '32; Rich. Hi-Y '33 and '34; Pres. Hi-Y '34; Freshman Literary Society '30; Gold "R."

Enthusiasm—that is a synonym for David. No matter what he undertakes, he comes through with flying colors. David was voted "most athletic" and "best all-round Senior." Certainly he is a star with the faculty of old A.R.C. Lucky will be the college whose doors he enters.

LLOYD ADAMS

Football Team; Sergeant in R.O.T.C.

We wonder what Mr. Scott's class in journalism would be like if there weren't a few "wise cracks" made by Lloyd. Lloyd is a hard worker and is sergeant in the military department.

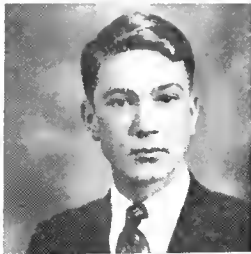

J. A. BAGGS

Sergeant '34; Track Team '31; Assistant Manager Basketball team '34.

Bugs! Ah! God's gift to women! His curly hair and smooth line have won him many a feminine heart. Though he likes to play, we know he will reach the top.

CHARLES J. BAILEY

Sergeant 4; Corporal 1; Rifle Team, Company B 4; Basketball 2.

Rifle ranges and basketball interest Charles most—his interest there has kept him from his studies quite often.

GEORGE C. BLANCHARD, JR.

3 Year course in 4 years, High Honors 1st. and 2nd. years Second Lieutenant, Freshman Literary Society 1.

George has surely set a record for himself by running the present Valedictorian a close second. George's happiest moments are spent asking Mr. Talley deep questions. A glance at his report card will prove the theory, "To ask questions is to store up knowledge." It is useless to predict him a bright future for we know it would be impossible to be otherwise.

S. BLUM

Sergeant '34; Basketball 4.

Everybody knows "Blinky" Blum, our basketball player. He has done some nice work on our team this year. Besides this, Blum has attained the rank of sergeant in our military department.

L. A. BRYANT

High honor 1st. and 2nd. semester Rifle team 3 and 4.

Although Junior has not had time to grind away at his books on account of a next-door attraction, he has kept pace with his class and has accumulated numerous friends of both sexes. He is certainly a straight shooter. In proof thereof, he is wearing a medal for helping his team win in the rifle matches.

ROBERT EDWARD BARTON

Corporal in Band '32; Sergeant in Band '33; 1st Lieutenant in Band '34; Literary Society.

We don't see how the band will get along next year without Lieut. Barton, for he has spent four years there. We wonder why he wears the letters "Oat" on his jacket.

JACK BOLYARD

Sergeant.

Jack is one of our best "drummer boys." He has been rattling a drum in our band for some time, having attained the rank of sergeant. Not only our band, but our school, will lose a valuable member and student when Jack is graduated.

J. BROWN

Honor 3; Sergeant 3; 2nd Lieutenant 4; Rifle team.

During his sojourn in the Academy, Brown has made numerous friends. He is striving hard for his diploma, and we wish him the best of luck.

HAMPTON BRYSON

High Honor 1; Honor 2 and 3; Lieutenant 4; Academy Literary Society 2 and 3; Treasurer 4; Member Glee Club 3; Letter in Basketball 3 and 4; Sports Editor Annual 4; Student Council 1; Richmond Hi-Y 3; Treasurer 4; Gold "R" 3.

Hampton is the sort of fellow who takes part in all school activities: Basketball, football, Glee Club, Hi-Y, and Literary Society—he's there with the goods. While keeping his best foot forward in all the above, he has proved himself a successful sports editor of the "Rainbow."

H. BURGAMY

Football '33; Sergeant '32.

Old "Jew Boy" Herman was popular among the football players. This year, he played some good football, but he had to play on the "B" varsity a couple of years to get good enough. We almost lost him this year with pneumonia, but he pulled through.

A. CALHOUN

Sergeant.

"A. B." is one of the boys who work while going to school. He is not the bookworm type, but has succeeded in never failing a course while at A. R. C.

V. CASELLA

Sergeant 2 years.

"Vick" is the kind of boy who says little but thinks much. Although he is little, we believe he will make a good "soda-jerker" just the same.

VERNON R. CAWLEY

Fast Class; High Honor 1 and 2; Sergeant Company M.

"DEPENDABLE"—what word could better describe Vernon! He holds a place of high esteem in the minds of all his classmates. Only "A's" dare show themselves on his report card.

H. B. CHANDLER

2nd Lieutenant 4; Band 1 through 4; Literary Society '31 and '32 Secretary Literary Society '31; Track Team '33; Debating Team '32 and '33; Winner Debating Cup '32.

Harold is the guy with the big drum in the band. He is also the man for argument in the Senior class, having won the debating cup in '32. He has just been made a 2nd Lieutenant and a member of the Sabre Club.

MARION NESBIT DASHER

Honor 2; 1st Lieutenant 4 (band); Literary Society 1, 2, 3, 4; Secretary Literary Society 2, 4; Glee Club 1, 2, 3, 4. School Orchestra 4; Sabre Club 4; Vice President of Class 2; Hi-Y 3 and 4.

Dasher is the little guy with a heart about as big as he is, which is saying a great deal. He is popular among the students and active in the school activities, being one of the foremost members of our band. Boy! Ada must be some inspiration.

WILLIS PARRISH DENNY

Honor 1 and 2; Sergeant 3; 2nd Lieutenant 4; Rifle Team Captain, Company E 4; Company Football 3 and 4; Member of Sabre Club 4.

Willis is a member of our class whom we can rightly feel proud of. He is a member of his company rifle team; and because of his fine work in the military department, he received his commission this year.

A. F. DIXON

Sergeant.

"A. F." is of the Romeo type, with his curly black hair. We are sure he will win some little "dove's" heart. Best of luck to you.

SAM BERRY DURDEN

1st Sergeant; Football 2 years and company football; Track 4 years, captain 2 years; Rifle Team; Basketball; Student Council; Vice President Hi-Y.

Sam is one of our foremost track stars. He is a fellow who can show a mean gallop when on the track. Besides track, Sam has also been active in other forms of athletics and student activities. He is a boy who is a favorite among his classmates and friends.

W. H. D. DUNN

Lieutenant.

Dave is a quiet boy, but his cherry smile is always present. He is sincere in everything he attempts to do. We wish you luck and know you will prosper.

CHARLES G. FARR

Corporal 3; Sergeant 4; Academy Literary Society 2 and 3; Company football 3; Track team 1, 2, 3.

Pardon us folks, but this is a mistake. We are sorry we let Charles' picture become mixed with the Senior group, but he has already assured us that he doesn't mind being in such distinguished company.

B. FORNEY

4 year course in 3 years; Honor 2; Student Council 1; Corporal 2; Top Sergeant 3; Glee Club 1 and 2.

From our latest reports Forney is going in for duck-raising in a big way. Nevertheless, his work "along this line" does not keep him from his other tasks, as he is always up in his school work.

LEONARD GARTEN

Highest Honor 1 and 2; Sergeant 3; Lieutenant 3; Secretary and Treasurer of Literary Society 1; 4 year course in 3 years; Valedictorian of Class; Academy Literary Society 3.

CLEAR The Stage! CURTAIN! Behold the VALEDICTORIAN of the class of '34! It is with great pride that we are able to have such a student in our group. Garten has set a high standard for himself and is living up to it 100%. We know that the word "success" will be the password in whatever he undertakes.

J. GOOD

Honors 2 and 3; Sergeant; Rifle Team, Company G.

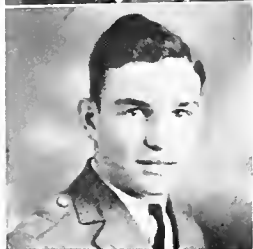

Though small in stature, Joe has convinced everyone of the enormity of his mind. He is another of the few who managed to bore out the bull's eye in the company rifle match. It is useless to prophesy Joe a successful future, for it is recognized that a good man cannot be kept down.

ROBERT B. GRACEY

Lieutenant 4; Rifle Team 4; Literary Society 1; President 2, 3 and 4; Class Treasurer 1; Student Council 2; Debating Team 2; Secretary, Jr. Hi-Y 2; Academy Hi-Y 3rd (Sec. 4); Glee Club 3; Contestant for Declaimer's Cup 3; Assistant Business Manager of Annual 4.

A glance at Robert's list of honors will show that there is nothing he cannot do and do well. Add to his ability his cheerful nature, unselfish disposition, his power to influence, and you have one of the finest boys in the A. R. C.

THOMAS TREUTLEN GRADY

Honor 1; Vice Pres. Literary Society 1; Corporal 2; Sergeant 3; Company football 1; Letter in Football 2 and 3; Vice Pres. of Class 2; Vice Pres. Hi-Y 3; President of class 1.

Athletic Grady, we're proud of you
We marvel at the things you do.
You win success with the ladies too!
Thirty-four's best old sport, Here's toyou;
May you win your race in life
As you have in football strife.

J. HUNGERPILLER

Fast Class; High Honor 1; Honor 2; Sergeant, Company B.

Jim is well known to all because of his monstrous name. It never fails to create a titter when announced in chapel. . . . However, this does not worry Jim. We hope we live to see him make that long name of his famous.

GEORGE THOMAS HUGHES

Sergeant, 3 and 4.

"Husky's" pleasant personality and ever-present smile have attracted to him a large number of friends. He has decided to follow the career of a lawyer. Husky, here's wishing you a large clientele and success in pleading every case.

LLEWELLYN HUTTO

High Honor 1, 2 and 3; Lieutenant 4.

It was in the fall of 1930 that the A. R. C. received a very noteworthy addition. This addition came in the form of "Lel." Besides being very popular with his classmates, he has trained his report card to exhibit only "A's."

JOHN COLEMAN JORDAN

Sergeant 2; Football 1; Company Rifle Team.

Jack's good nature has won him a place in the hearts of all of his classmates. He was one of the valued members of Royston's Ramblers, and plays tennis and golf.

DONALD FRASER KIRKPATRICK, JR.

Honors 1 and 2; Ist Lieutenant 4; Vice President, Secretary-Treasurer of Literary Society; Glee Club 4; Debating team 2; Band 1, 2, 3, and 4; Richmond Hi-Y 3 and 4.

We don't know what's been wrong with Kirk lately, but they say her name is "Pud." We are sure of one thing though, and that is the fact that it is not the scenery on Russell Street that holds such an attraction for him.

WILLIAM C. KITCHENS

Honor 2 and 3; Sergeant 4; Football Company 2; Vice Pres. Literary Society 2; Glee Club 4; Literary Society 1, 2, 3 and 4; Track 3; Company Rifle Team 4; Letter in Football 4.

Bill is a great fellow with a pleasing personality. Since he has been with us, he has been very active in school activities and athletics. He is a good player on the football team and was awarded his letter this year.

JACK KNIGHT

Entered A. R. C. from Lanier High this year.

Jack is a tall and handsome boy. We understand that there is something at Macon that attracts much of his attention. We wonder! Lanier High School surely lost a fine student last year when Jack moved to Augusta.

MOODY ELMO LAYFIELD

1st Lieutenant 4; Member Sabre Club; Company Football 4; Secretary of Literary Society 1; Annual Staff, Art Editor, 4.

Elmo is the artist of the senior class. He was recently made a 1st Lieutenant of the Freshman Battalion. He is also a member of the '34 Track Team. He is the Art Editor of our '34 Annual.

VICTOR R. LEVY

High Honor 1; Honor 2; Sergeant R.O.T.C. 3; Art Editor Annual 3; 4 year course in 3 years.

Victor is a little guy full of humor. His favorite sport is arguing, especially with the teachers. He had rather indulge in this pastime than make wise-cracks, and that is saying a great deal.

JAMES MELTON

Honor 2; Sergeant.

Although "Happy" lost a whole semester of last year on account of sickness, he is making up for the time. He is working hard for his "dip," and we sincerely hope he gets it.

WILLIAM HENRY MCDANIEL

Lieutenant 2; Company Football 3 years; Baseball 1 year; Rifle Team.

We wonder why Billy can always be seen on Lakemont, but we think the big attraction is Frances. Billy has worked hard to get his diploma this year, and we wish him and Frances much success in the future.

D. MCFADEN

Corporal 2; Sergeant 3; 2nd Lieutenant 4; Company Football 1, 2, 3, 4; Football; Glee Club, 3 and 4; Band 1, 2, 3, 4; Officers' Club 4; School Orchestra 3 and 4.

Dan is the big boy with the sticks in the band, and can he rattle that drum! He has played company football ever since he came to A. R. C. He has been a member of the school orchestra and Glee Club for the past two years. He was recently made a 2nd Lieutenant in the Band and a member of the Sabre Club.

DAVID MOYE

Sergeant 4; Company Football 2 and 3.

Moye is becoming an excellent farmer in his leisure. He handles his model "T" truck as a master. His serious attitude toward work foretells a successful business career.

HARRY B. NEAL

Honor 1; High Honor 2; Honor 3; Sergeant 3; Lieutenant 4; Literary Society 2; Rifle Team member 4; Hi-Y 4.

Harry has been the little boy with the big brain since entering the A. R. C. Although he is not as big as a minute, he has gone right up in the military department to a 2nd Lieutenant in his fourth year. He won a medal for being a member of the winning rifle team in '34.

J. C. OLIVER

Lieutenant 4; Rifle Team Company B.

Jack is one of the neatest fellows in our whole cadet corps. He always wears his uniform correctly, presenting a neat military appearance. We are glad to see him receive his commission this year because we know he deserves it. "Mor powuh to yuh," Jack.

JAMES J. O'SHEA

Honor 1; Sergeant 3.

Jimmy does not hurt himself studying, nor does he strain his eyes poring over books; but he is working hard enough to assure himself a seat on the stage for this June.

JOHN N. OWENS

Honor 1 and 3; High Honor; Sergeant in Military; Vice President of Literary Society; Track Team 3.

John is just one of those likeable fellows who makes friends of everyone he comes in contact with. He was a high-jumper on our track team until he broke his arm one day while attempting to jump over a tennis net "bumpty" feet high. Take warning, A. R. C.; you are losing a "swell guy."

WILLIAM F. PARDUE

Honor 3.

William is a conscientious, hard-working boy. He has decided to make a name for himself in the outside world as a chemist. We know that he will realize his plans because he has the two essentials that are necessary—a knowledge of the subject and a spirit that will never quit.

KENNETH A. PHILLIPS

Corporal 2 and 3; Sergeant 4; Literary Society 3 and 4; Glee Club 3 and 4.

"Ken" is the singer of the Senior Class. He has been very faithful in everything he attempts to do. Kenneth is going out for a musical career and we all know he is going to succeed. Here's wishing you all the luck in your profession.

W. C. PHILLIPS, JR.

Corporal 3.

"W. C." is a fine fellow, who works hard and is liked by all; but his friends fear that some day we shall find an elephant instead of W. C., if his peanut appetite doesn't diminish. We need not worry about the fate of the lunch room as long as W. C. gives it his peanut business.

RALPH PRITCHARD

Sergeant 2, 3 and 4; Lieutenant 4; Literary Society 1, 2, and 3.

He is one of those big "he-men," who rate a lieutenant's place—"A" company. He always has a great big smile.

FRANK PALMER RAINWATER

Honor 2; President of Freshman Class.

Frank is well liked by all who know him, for whenever you meet him he always greets you with a bright smile. His friendly disposition has made for him many friends during his stay in the Academy.

PATRICK REDD

Sergeant 3 and 4.

Although "Pat" has not gone in for school activities to any extent, he has made himself widely known. His unassuming and thoughtful ways have brought to him many life-long friendships. The A. R. C. will lose a valuable landmark when "Pat" leaves.

J. TAYLOR SANDERS

High Honor 1; Honor 2; Gold "R" 3; 4 year course in 3 years; Literary Society 2 and 3; Glee Club 3; 2nd Lieutenant in Band 3; Richmond Hi-Y 2 and 3; Treasurer Hi-Y 3.

Sanders joined our class in '31. He is a quiet fellow, but one who has volumes of thought behind each action. He is a talented musician, and has served our band faithfully from the rank of private to lieutenant. Although serving as Literary Editor of the Annual, Sanders has held his scholastic work at its high level.

MITCHELL JOHN SCAVENS

Honor 3; Sergeant 4; Literary Society 3; President 2; Secretary 3; Debating Team 2 and 3; Academy Science Club Secretary; Track 3.

"Mitch" is the radio bug of our ancient and honorable class. He was elected President of the Literary Society his 2nd year, and was an alternate on the '32 and '33 Debating Teams. He was also a member of our Track Team in '33. Here's to you Mitch, old boy. Go get 'em.

J. C. SHANAHAN

Sergeant 4; Charter member and President of Richmond Hi-Y; Track Team 3.

James is the boy you often see riding about, mounted on a fiery steed. He is riding his lessons about as hard as his horse, for he is running a race with his "dip" to the finish.

JOHNNIE SPEERING

Sergeant 4; Football (letter); Track (no letter).

The coach is always holding Johnnie up as an example of what a light man can do on the football team. Although Johnnie is light, he is one of our fastest men.

T. Z. SPROTT, JR.

High Honor, 1, 2, 3, and 4; 2nd Lieutenant 4; Member of Sabre Club; Editor-in-Chief of Annual; Gold "R" 4.

T. Z. is a fellow who does his work in a thorough, jam-up manner, as evidenced by his splendid work on the annual. He is active in the school activities, for he was selected as a Gold "R" member recently. However, this does not keep T. Z. from his lessons, as he is a high honor student.

HENRY EUGENE STEADMAN

1st Sergeant.

Although Steadman joined our class last September and has been with us only one short year, he has proved himself a loyal member of the class of '34. He will be greatly missed when he is graduated from the A. R. C.

PAUL STANFORD

Honor 1; Sergeant 3 and 4; Tennis Team 3; Football Scrub Team 4.

Did you see that streak of greased lightning? That was a tennis ball that Paul served. His main hobby is tearing a motorcycle apart and trying to put it together again. Best wishes for a successful future, Paul.

TIMOTHY JOSEPH STULB

Honor 1; Graduated in 3 years; Coporal 2; Richmond Literary Society 1; Basketball Team 2 and 3; Company Football 1, 2, and 3; Rifle Team; Richmond Golf Team 2.

Joe, "Dunk," Stulb is one of our 3 year boys. He made an Honor his first year. He was a member of our '33 and '34 basketball team. He was also a member of the golf team in '33. He won a medal in '34 for being a member of the winning company rifle team.

EDGAR ROYAL CHARLES STOKLEY, JR.

Honor 1 and 2; 4 year course in 3 1-2 years; Sergeant 2; 2nd Lieutenant 3.

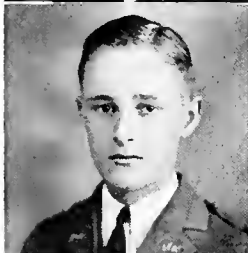

An ambitious boy who has held a good job and still been graduated in three and a half years. He is quite skillful in amateur boxing.

A. TOOLE

High Honor 1 and 2; Fast Class; Student Council 1; 1st Sergeant 3; Football Company 3; Hi-Y 2 and 3 (Academy).

Gus is a little fellow, who is very consistent in his studies. He is one of the members of the three-year class who always make good averages. At the same time, Toole is very popular among his classmates.

B. USRY

Lieutenant (2nd) 4; Track Team.

"Buddy" is well known and liked by all his classmates. Right now the charms of a certain lassie on Heard Avenue have so strongly enticed him that it is hard for him to get his mind on his lessons. He is a firm believer in the motto, "Never let school work interfere with pleasure." Best wishes for a successful career, Buddy.

HOWARD RAWORTH WALKER, JR.

High Honor 1; Honor 2; Member of Literary Society 1; 4 year course in 3 years.

"Pink Tip" is an intellectual lad, as his record shows. He is doing a good job here, finishing the entire course in three years; and at the same time, he's doing it in a big way.

EDWARD STELLING

Highest Honor 1; High Honor 2; Literary Society 3; 2nd Lieutenant 3.

Ed is another of our "smart" boys. He is popular among his classmates, and is known very well by a certain person on Russell Street.

MARTIN J. WALLACE

Honor 1; Corporal 3; Sergeant 4; Lieutenant 4; Literary Society 1; Glee Club 1.

Wallace is one of our best cadets. He has risen to a lieutenantcy right from a corporalcy, and it didn't take him long, either. Besides being active in the military department, Martin has been mixing around in other school activities, as his honor list shows.

W. WHITE

Academy Hi-Y 4; Entered 4th year.

We can remember Billy by his motorcycle, and the day he was caught by the "cop." Billy says he was going only sixty-five, but the "cop" maintained he was speeding.

THOMAS T. WILHEIT

Corporal 2; Manager B. Varsity under Coach Bolton.

Versatile Tom! The time spent in becoming a master in the field of woman and bird-hunting has kept him from taking full advantage of his natural ability in his school work.

W. WILSON

Honors in Math and History through school; Track Team '34.

Woodrow is a very quiet boy and takes his studies seriously. His prowess as a hunter reaches headlines: three ducks, two rabbits, two squirrels, and an o'possum, all with two shells.

E. L. WINGARD

Oratorical Contest 2; Glee Club 3; Literary Society 4.

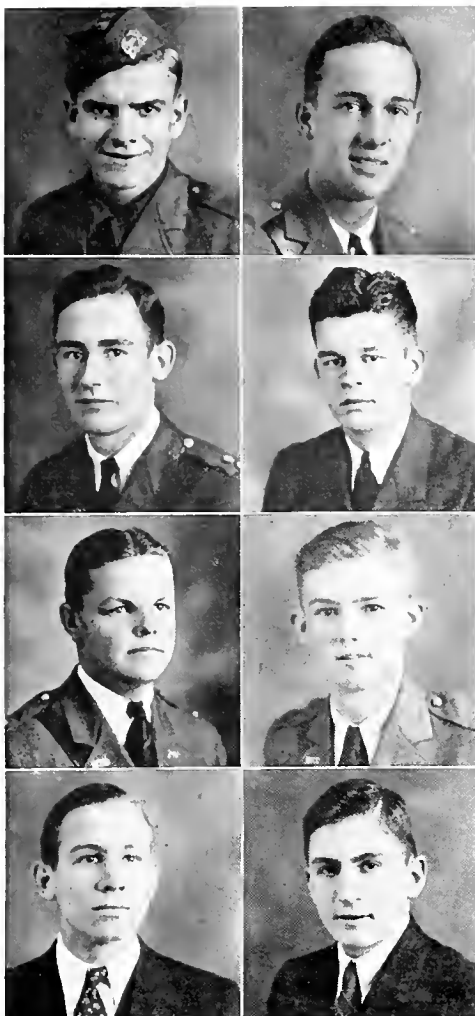

Ernest, with his wit and perpetual grin, is the cause of Mr. Mac's gray hair. If it weren't for him, we could sleep during the sixth period.

J. WORSHAM

Corporal 4.

Joe is a working boy who is not wasting any time in his young life. He is very popular with his class and teachers because of his willingness to work.

College Golf Team 4; Manager Academy Tennis Team 4.

All right Men! That's Lil Pierce. He never shows his seriousness, but he always brings down a good mark. Frank will make some college a "swell" cheer leader.

WALTER FRED TYMM, JR.

Corporal 1; Sergeant 2, 3, 4; 2nd Lieutenant 4; Literary Society 2, 3 and 4; Rifle Team Company A 4.

The lanky blonde Lieutenant you have seen about A. R. C. is Fred. Through he looks like a bean pole, he is always surrounded by a multitude of co-eds.

Honor 3; Sergeant 3; Chemistry Club 3; Company Football 3.

D. SILVER

Although David seems bashful, you should see him in his Ford sometimes. "Rastling" and basketball are his long suits.

B. W. BURNS

High Honor 2; Sergeant 4; Literary Society, 1, 2, 3, and 4; Glee Club 3 and 4; Track 3.

Ben is one of our famous harmonica troubadours. He has been a member of the Glee Club the last 2 years. He is an ardent member of our Literary Society, having been a member for four years. He was out for Track in '33.

JAMES BAILIE

1st Lieutenant 4; Literary Society 3 years; Secretary 1 year; Hi-Y 3 years; President 4; Track 3 years; Basketball; Assistant Manager Musketeer 4; Company Rifle Team 4; Inter-Collegiate; Inter-Class Council 3.

A glance at Jimmie's honor list shows that he is an all-round good sport. His good nature has attracted to him a large group of friends.

JAMES OTTO HOOVER

Honor 1 and 2; High Honor 3; President of Class 2; Sergeant 3; Student Council 2; Lieutenant 4; Academy Literary Society 2, 3 and (President) 4; Glee Club 2, 3 and 4; Officers' Club 4; Academy Debating Team 3; Gold "R" 4.

In spite of frequent trips to Beach Island, Hoover has found time to accumulate a large group of friends of both sexes. His outstanding record in scholastic, military, and extra-classroom activities have won for him the coveted honor of the Gold "R" Society.

J. JOPLIN

Lieutenant 4; Sabre Club 4; Company Football 3 and 4; Radio Club 4.

If advice on any subject you may need, seek Jack Joblin. He's an authority on all matters pertaining to radio. Indeed, we would have been the poorer, had we not had Jack in our class.

FRANK WRIGHT NEAL

1st Lieutenant 4; Company Football 3; Baseball 1 and 2; Business Manager Annual 4; Hi-Y 4; Cheer Leader 4.

If you seek positive proof of Frank's business ability, look at the capable way in which he has handled the advertising department of our annual. Judge from his list of honors as to his efficiency in other fields. Wherever Frank goes, he has the heartiest wishes of his classmates.

F. H. PIERCE

Assistant Manager, Football 3; Manager, Football 4; Cheer Leader 3; Head Cheer Leader, 4; Basketball (letter) 4; Manager Jr.

CLASS PROPHECY

SENIOR CLASS 1934

Delhi, India, May 1, 1934.

Dear Prophet:

In reply to your letter asking assistance in prognosticating the fates and futures of your present classmates, I am writing you this epistle. My crystal globe has told me many interesting and unusual things about your friends. The crystal sphere carries me to 1948:

Billie Forney and Gus Toole are operating a duck ranch in California. Their slogan is 'Wanta Buy a Duck?'

Donald Kirkpatrick and John Owens are running a matrimonial agency. Their sole aim is to keep young people from being disappointed in love, as they have been.

Fred Hargrove is mayor of the great metropolis, Martinez. As a consequence, Ralph Hargrove is city clerk.

Marion Dasher is the human skeleton in Stull's Stupendous Shows, managed by Joe Stull.

Ernest Wingard and "Happy" Melton are associate editors of Captain Billy's "Whiz-Bang," while Joe Worsham is sales manager.

"Mitch" Scavens and George Blanchard have perfected a chemical, which, when introduced into the atmosphere, will assure fair weather. This compound is to be used especially when Tom Wilheit and Jack Oliver want to shoot rockets at the sun.

Victor Levy is professor of psychology at Brookdale College. Dan McFaden is beating traps in Black Joe's Orchestra. They are appearing in person at the Lenox for one week only.

Jim Hungerpillar has discovered a wonderful preparation known as "Cure-all." His assistant, Arthur McManus (may he rest in peace) is dead. He drank some of the medicine by mistake.

Ken Phillips is the leading player in the operetta, "Hold That Tiger," which was a howling success.

Charlie Coleman and Oreste Ferramosca are operating the peanut stand on the corner of McIntosh and Broad Streets. Their chief customer is W. C. Phillips, who feeds peanuts to the elephants at Augusta's new zoo.

James Shanahan and "Lel" Hutto are rookies in the cavalry.

Willis Denny and George Hughes are bootlegging since the return of prohibition.

Jim Baggs is Georgia's most famous gambler—with his dancing dice.

C. A. Leipold is foreman for a construction company that is building an indirect road to Aiken.

Ben Pierce has made a profession of sardine fishing. He says the reason is that he likes to catch game fish.

L. A. Bryant has just received his degree in civil engineering and is endeavoring to build a natural bridge in Colorado.

David Daley is Chicago's most handsome cop.

Frank Neal, by making use of his effective salesmanship, is inducing gunmen to buy his special made cap pistols.

Leonard Garten is a keen razor salesman.

Vernon Cawley is acting as Tarzan in the movie, "Tarzan and the Lion Men."

Sincerely yours,

KUDZU, THE CRYSTAL GAZER.

SENIOR CLASS

LAST WILL AND TESTAMENT

TAYLOR SANDERS

Academy of Richmond County,
State of Georgia.

We, the members of the Senior Class of nineteen hundred and thirty-four, having passed through four long years of torment, punishment and mental torture, at the hands of our most learned professors, and, as a result thereof, being of doubtful sanity, do hereby make, assign and designate this instrument as our last will and testament:

Item 1. To our true friend and helper, Mr. J. L. Skinner, who has so willingly helped and guided us in our work and the problems which have constantly come before us during our sojourn in this institution, we leave our sincere appreciation and good wishes.

Item 2. To Mr. Hardy we leave a dictophone with one record, "The following boys will report to the office directly after chapel."

Item 3. To all Senior teachers, share and share alike, we leave one large dose of stychnine.

Item 4. To our able commandant, Lieutenant Purswell, we leave one rocking horse and a commission in the cavalry.

Item 5. To Mr. McDonald, David Daley leaves one foot of his manly height.

Item 6. To Mr. Talley we leave one pint of "Mazola Oil" to be used as a lubricant for his slide rule, which, we hope, will facilitate his correction of experiment papers.

Item 7. To Miss Bailie, our librarian, we leave one machine which will continually "sh-h-h" at noisy students.

Item 8. To our underclassmen, the Juniors, the Senior Class bequeaths its solemn dignity and the unlimited privilege of taking exams.

Item 9. To Mrs. Eubanks we leave the motto, "Patience is a virtue."

Item 10. To the panitor we leave a spary gun and a bottle of Walker's Devilment to be used in the faculty meetings.

Item 11. To the Freshman Class we leave our deepest sympathy for the long and stormy road they must travel before they become Seniors.

Item 12. To Mr. Buckner we bequeath one book of "Deep Stuff."

Item 13. To Mr. Mitchell we leave one subscription to the Detective Story Magazine, so that he will not have to confiscate them from the boys in his study halls.

Item 14. To our friend Uncle Bill Kennedy we leave one pair of red golf hose, also one well-worn golf ball.

Item 15. To Mr. Eubanks we leave a revised edition of the alphabet with special emphasis on the letters "A," "B," and "C," hoping that this arrangement will enable him to pass more students.

Signed—TAYLOR SANDERS.

Signed, sealed, and deliered by Class of 1934 to be their last will and testament, in the presence of the following witnesses:

LIBRARY

YOUR LIBRARY

The Library of the Junior College of Augusta and the Academy of Richmond County is your library, and we want you to enjoy the rights and privileges that are yours in the library.

The library has been called the "heart" of the school. It is the storehouse for all printed material which is to be used by you in the processes of becoming well educated and learned.

Yours is the privilege of having an attractively built room for the Library; fitted with bookshelves, tables, chairs, bulletin boards and other fixtures that are both pleasing to the eye and comfortable. It is your right to insist that no one mar them in any way. If you appreciate having things look neat, then throw your scratch paper in the waste basket, instead of leaving it on the table or floor; and when you have finished reading a magazine or newspaper, put it back on the rack—someone else may want to read it; and when you are leaving the Library, take time to push your chair up to the table.

Books are far more interesting to read when they are clean and new and have not been thrown around, soiled, or had the corners of the pages turned down, torn, or written upon. Your Library contains many interesting and entertaining books as well as those which will provide you with material for required reading and work. Make your Library a place for recreational reading as well as study.

The librarian and her assistants are here for the purpose of helping you get the information you want and need. Call on them when you have something for class, or when you have some other question you want answered. They are at your service.

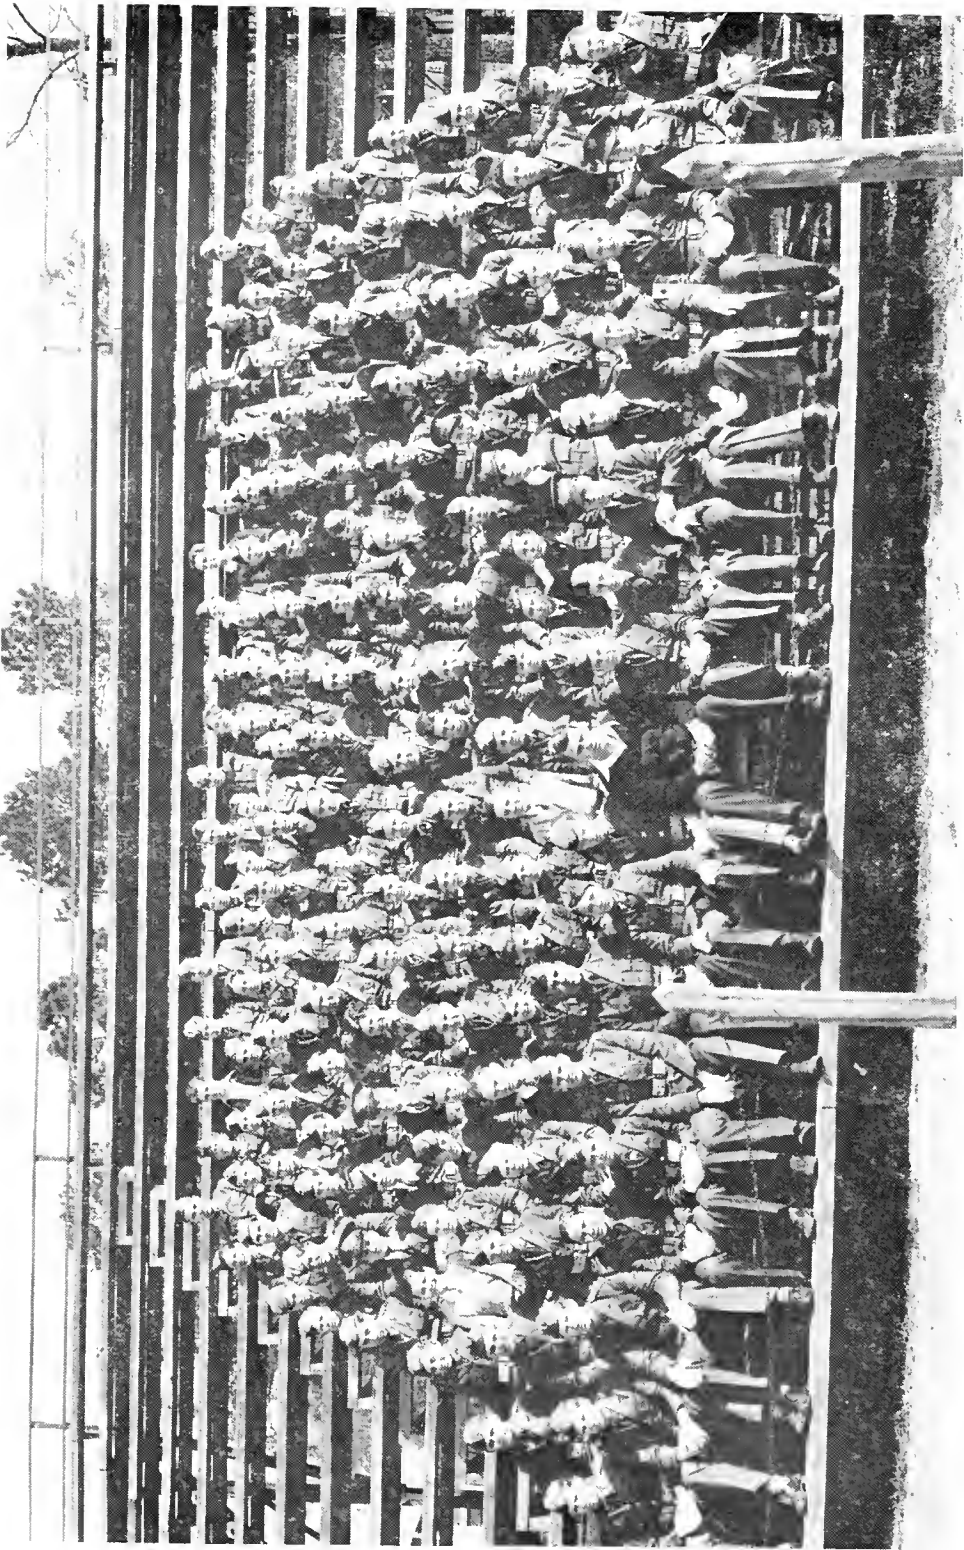

You are welcome to the Library and urged to come in and use it as your own. It is hoped that you will take advantage of this opportunity and make use of your rights and privileges here.

MARGARET BAILIE, Librarian.

Showing Seventh Green on Beautiful School Golf Course

In a city famous for its golf courses the Academy Campus Course stands head and shoulders above any other course in Augusta. Experts like Bobby Jones, Walter Hagen, and Chester M. Sutton rate it several strokes harder than the Augusta National, and consider it superior to the Hill Course at the Club by a brassie and two putts. In the now immortal words of A. Dwight Deas, self-appointed Pro of the Campus Course, "Everywhere else you stroke your putts and watch them drop; on the Campus you hit 'em and hope."

The Campus Course is the brain-child of "Uncle Bill" Kennedy—a strong argument for birth control. Preparing for the National Open, and feeling the need of quiet practice, he talked the Athletic Committee out of fifty bucks and, in due time, produced a seven-hole cross-word puzzle. After two years he found the course too well suited to Mr. Maden's hooks and Mr. Owen's slices; so he changed the lay-out and added two new holes.

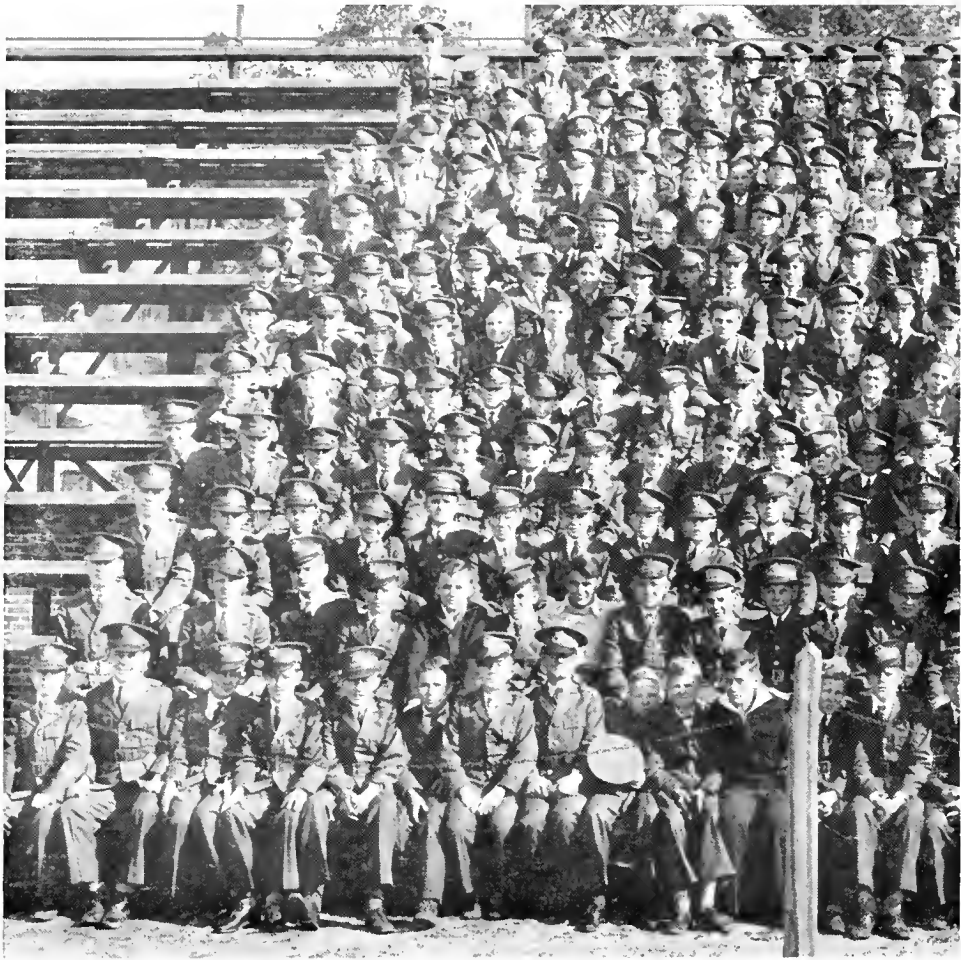

Several Faculty Tournaments have been held, all being won by Mr. Kennedy. The Faculty always knows when a tournament is coming on—just before the Champion runs out of new balls. However, he always arranges a prize for the runner-up—usually a flashlight that won't work.

The course record is held by President Skinner with a score of 147. Dean Hardy holds the putting championship with 7 putts on No. 4. Mr. Allen holds the record for individual form—he faces northeast when driving southwest. Nor must we fail to mention Mr. Etheridge, who plays a good game without being able even to see the ball. Mrs. Eubanks quit after her first trial—the ball wouldn't talk back.

What the course needs is a good 19th hole. Two times around the Campus course, and any man is entitled to a drink.

DESIDERATUM

HENRY O. READ

Is life but the grind of man's daily toil,
With its ceaseless turn of the wheel;
Must man be palsied in the vast turmoil
That disguises the False as the Real?

Is life but the breathing of tainted air,
And a tempting sip of the glass;
Shall we take of the world just what we dare,
With a sigh for the pleasures that pass?

Is life but the drawing of heaven's breath,
And a gaze that sees only the stars;
Is man to withdraw, in a living death,
And glance down on the world through bars?

The beast may follow the treadmill's round,
Unconscious of thralldom's chains;
The butterfly sips where flowers abound,—
Drops down when his short day wanes;
The world has small place for the hermit saint,
Who kneels at his gilded shrine:—

The cry is for men in a world of men,
Who labor and live and love,
Who give of themselves to the uttermost,—then
Reclaim fresh strength from above.

This life is for men who live in the vale,
But call down the breath of the hills;
Who drink from their cups (the Holy Grail!)
The wine that true living distills.

MISSION OF R. O. T. C.

"The mission of the R. O. T. C. is to awaken in the student an appreciation of the obligations of citizenship, to prepare him to discharge his duties as a citizen, and to qualify him as a military leader."

THE R. O. T. C. MANUEL
INFANTRY

It is a pleasant duty to express to you my sincere appreciation for your loyalty and integrity in our military achievements. Permit me to remind you that DUTY is the most important thing in life—DUTY TO GOD—TO COUNTRY—TO SELF.

It is my earnest hope that you will ever let this be your motto in life.

SAM PURSWELL,

1ST LT., INF., PMS & T.

The R. O. T. C. unit can feel justly proud of having attained such high standards of military training and discipline. For four successive years The Academy of Richmond County has been designated an "honor high school." Duty is a pleasure with such a splendid group of cadets.

The course in military science has a broadening influence upon the students educationally; has made them better citizens and better leaders of men than they otherwise would have been.

Athletics

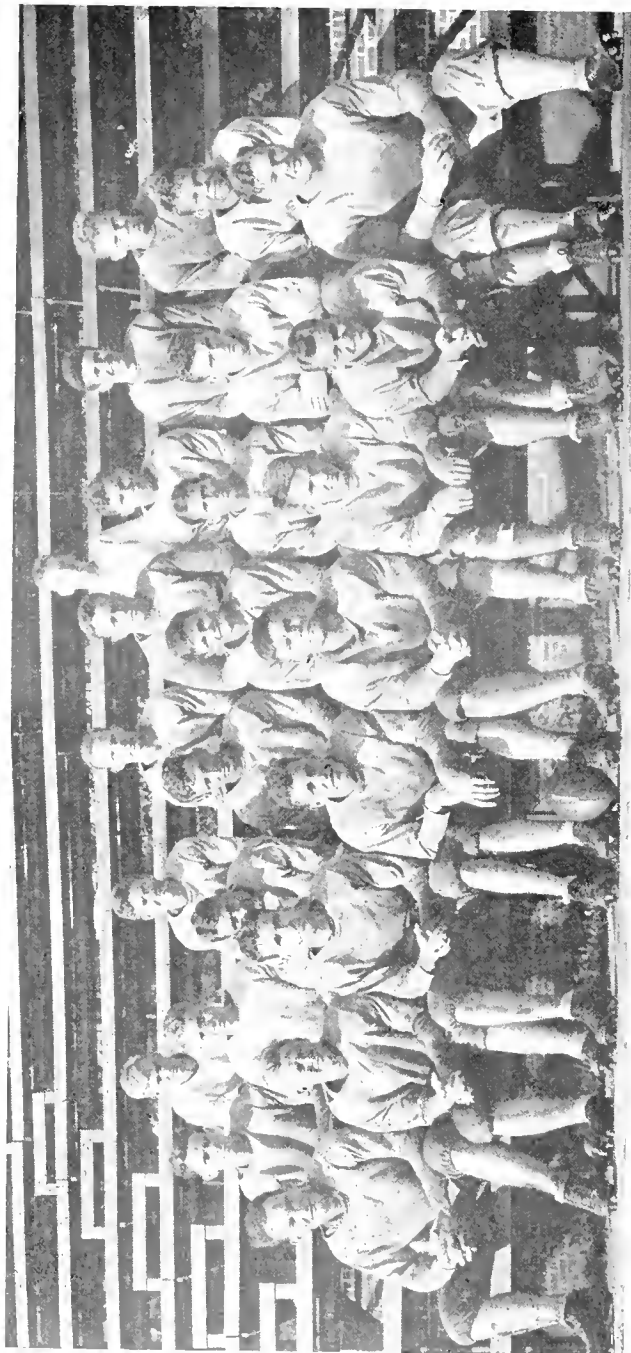

A. F. SIMPSON, *Director of Athletics*

The Department of Athletics has had two primary ambitions. The first is clean sports, played by bona fide students from our own county and section. The second is a broad programme of sports, so comprehensive that every student will have an opportunity to actively engage in at least one phase of athletics.

We have solved these ambitions. Today the Academy and Junior College are respected everywhere for their high standard of clean athletics. At the same time they set an example for other schools to follow in the diversity of sports offered the students: football, inter-company football, girls' basket ball, boys' basket ball, inter-class basket ball, track, tennis, golf, base ball.

We believe that the future holds for our schools an even broader and finer programme of athletics—touching, in the years to come, every student, and carrying our enviable reputation to every section of the country.

ALBERT SIMPSON.

J. C. A. FOOTBALL

Although hardly twenty-two candidates answered the call for players, the J. C. A. Football Team had a moderately successful season. It won three games out of six. It developed, however, into a hard blocking, hard tackling, and hard fighting football team. This development was due to the work of Coach "Bob" Gressette, together with the ceaseless backing of Assistant Coach Albert Simpson and the boys on the team. The boys worked hard, took a good many hard knocks, but played football cheerfully.

For the opening game of the season, Carlisle came to Augusta with an experienced team. The game was almost, but not quite, a "walk-away" for Carlisle. The score was 33 to 0.

The second game, which was against Belmont Abbey, was a different story. The J. C. A. came back hard and strong, outplaying Belmont on every play, to win by the close score of 13 to 12. The score gives a false impression, for one slip in the last few minutes gave Belmont an undeserved touchdown. This

victory, by the way, is the first victory ever won by the J. C. A.

A week later the J. C. A. boys went to Charleston to play the Citadel Freshmen. This was the only out-of-town game of the year. In this game, J. C. A. threatened to score three times, but was unable to gain the last few yards. Citadel won 25 to 0.

The next game was against the Blue Ridge Junior College. The boys from North Carolina were good football players and good sports. They played better football than our boys to win by the score of 13 to 7.

In the game against Erskine Freshmen, the J. C. A. "hit its stride." The J. C. A. team was blocking and tackling much better, but its biggest improvement was its better team-work. This better team-work was largely responsible for the winning of this game, 20 to 7.

To finish the season in "fine style" the J. C. A. beat Young Harris 19 to 0. The J. C. A. played its best game against Young Harris. We played on the offensive the largest part of the game. Young Harris could never keep the ball long enough to get close to the goal line.

The team of last year wished us a more successful season than the one they had. We have carried their hopes the best we could, and think that we can proudly say that we have started toward "recovery."

A. R. C. FOOTBALL

When the curtain rolled back on the 1933 football season, ten veterans of the 1932 eleven answered Richmond's first call to the gridiron. These letter men were Leipold, Daley, Carswell, Plunkett, Bearden, Tiller, Grady, Heath, Hair, and Durden. The players were to look up to a new pilot of Richmond's destinies on the gridiron this year. Coach "Big Six" Curtis Luckey replaced Coach Ike Sherlock. Coach Luckey is an old Richmond graduate. While at the University of Georgia, our "Big Six" was a member of the 1926 All-Southern Team; he was named on Georgia's All-Time Team.

After four weeks of gruelling practice, the 1933 edition of the Musketeers made their debut. On September 30, our cadets put a plucky Warrenton team to rout to the tune of 59-0. On October 7, the Musketeers carried our colors into the enemy camp. They played Glynn Academy of Brunswick. The second game of the season ended in defeat for our gallant men, 13-6.

On October 14, Bailie Military Academy attacked our cadets on the Richmond field. From the opening whistle, Richmond was determined to atone for its defeat at the hands of Bailie last year. The "never-say-die" spirit of the Richmond cadets led them on to a well-earned victory, 13-0.

The following weekend, October 20, the Musketeers packed their bags for battle with Valdosta High in Valdosta. Richmond entered the game sure of victory; Yea, this same sureness cost us the game, 32-14.

On October 27, Richmond met her greatest foe in Richmond Stadium. Savannah High proved to be our greatest foe in 1933. The battle raged; but every time the ball was in play Savannah's massive line and backfield gained ever so little through our lighter defense. An A. R. C. eleven has never fought a losing battle so valiantly to the end. In all justice to Savannah, their victory was well earned, 19-0.

The team, broken in spirit, lost a hard-fought game to Darlington High of Rome. The final score was 6-0. This game took place on November 11.

With fire in their eyes to avenge the unfair defeat the preceding Saturday, the Musketeers met the strong Benedictine team in Richmond Stadium on November 17. This game was the most spectacular of the year, being featured with long runs, beautiful kicks, well-timed passes, and individual plays. When the smoke of battle cleared, the Musketeers marched forth, triumphantly bearing her laurels, 19-7.

THANKGIVING DAY, NOVEMBER 25! What a day to write of in Richmond's rich football history. On Turkey Day the cadets of Richmond met the cadets of Riverside in their annual football classic. The stands were crowded—the bands were playing—uniforms on every side. In a flash of color the battle began. Richmond made a touchdown and the extra point. The battle raged thicker every minute.

Riverside made a touchdown. Riverside attempted a pass for the extra point. Our left end knocked the pass out of the receiver's hands, thereby saving the day for Alma Mater. The tide of battle ceased. Richmond was victorious, 7-6. The final curtain rang down on a successful year of football. Our Musketeers scored 118 points to their opponents' 83. Coach Luckey dreams of a championship team for next year, and to the last man of us he has our support.

CHEER LEADERS

Here's to the Cheer Leaders—Frank Neal, Bootsie Stafford, Dean Nowell, Katherine Bishop and Frank Pierce—without whose rhythmic direction the Richmond and Junior College stands would have been a bedlam of unorganized noise.

It is they who have timed our rancous shouts, and modulated somewhat the volume thereof, so that the people of the city have praised so highly the cheers and yells at our football games. Verily, in unison there is volume.

The fighting Richmond and Junior College elevens have never had to doubt the sentiments of our student body, so ably spurred on by our Cheer Leaders. More power to them!

The Winner

Dean Hardy was on his way to work one morning when he saw a group of boys standing around a small dog. When Hardy came up to the boys he asked them what they were doing.

"Why, we're trying to see who can tell the biggest lie," said one of the lads, "and the one who can, gets the dog."

"I'm surprised at you," said the Dean, "Don't you know it's wrong to tell lies? Why, when I was a little boy, I never told a lie."

There was a moment of silence as the boys looked at each other. Then one of them shouted: "Here's the dog mister. You win!"

MUTATIONS OF A MERE MAN

As a man grows older and wiser he talks less and says more.

But a man rarely gets to be as old as he feels at twenty-one.

According to William Feather, a man's age can be determined by the degree of pain he feels on coming in contact with a new idea.

At twenty-one you blush when a man praises you; at thirty you think him a clever fellow; at forty you wonder what he wants.

An experienced business man is one who realizes that the fellow who called him up six times while he was out, isn't trying to give him anything.

Never call a man a little shrimp. Speak of his Napoleonic compactness, and he will be your friend for life.

Generally speaking, man will never regard woman as his equal until he can slap her on the back, tell her a funny story, and borrow a dollar from her.

Probably the reason fat men are always so good-natured is because it takes them so long to get mad clear through.

The theory that mankind sprang from anthropoid apes will not excite much attention if men will continue to keep their legs covered.

Avoid a man who will not stop to see a dog fight. He is either too stupid or too angelic to be of any practical use in this world.

A married man is one who concentrates on one woman. A bachelor is a man who

can't concentrate.

Age of Discretion: The age when emotions are replaced by symptoms.

Many a man who wouldn't accept any but a certified check, will trust implicitly in what is printed on the label of a bottle.

An eel will swim 3,000 miles to find himself a mate. And then, we suppose, the fool fish will say that the lady eel "lured" him into matrimony.

It takes more than shell-rimmed glasses and a full beard for some men to disguise their interest in themselves.

A fat man has this advantage over his thin brethren—he knows exactly where his cigar ashes are going to land.

There is no doubt about it, the average man would be a polygamist were it not for one serious drawback. His wife won't let him.

The woman who interests a man most is the one who makes him talk most about himself.

It is remarkable how much patience a man can have with a woman, if he isn't married to her.

The Dictaphone is a valuable asset in any office. It never takes a man's mind off the business he has at hand.

"The best committee is a committee of three," says a business man, "with one of them sick and the other dead."

Man is that inconsistent animal who is always insisting on hotel service around home, and a home environment at hotels.

COLLEGE CO-ED'S COGITATIONS

What man has done, woman feels qualified to improve upon.

It may be true that eventually women will rule this country, but unless the styles become more modest, it will be by a bare majority.

Indeed, some observant grammarian has remarked that "gradually the feminine gender is changing to the nuder gender."

A modern novelist says "thirty is the proper age for a woman." Well, if she isn't proper by that time she probably never will be.

If you see a woman moisten her lips while reading a novel, you may know that the hero and heroine are about to kiss.

For once, Oscar Wilde was right when he said: "Women are meant to be loved, not to be understood."

A woman never really makes a fool of a man. She just directs the performance.

She is getting desperate when she begins to say that she thinks baldness is becoming to some men.

When a girl gets to be thirty and is still unmarried, it is appearance, rather than wealth or position, that she prefers in a husband—and the sooner he makes

his appearance, the better.

Cave women of the stone age did all their cooking with a single pot—which shows how we have progressed—their flat-dwelling sisters of the tin-can age need nothing but a can-opener.

There are two ways in which a pretty woman can twist a man around her little finger—and she knows them both.

If you really wish to know a woman's bad points, praise her to another.

To a woman, among all delightful sounds, the sweetest is the sound of somebody else doing the dishes.

There are two periods in a woman's life when she likes to tell how old she is—her first and second childhood.

When a man says "I will," something may be done; but when a woman says "I will," something has got to be done.

Etiquette Hint: If conversation lags, the hostess should ask her guests if any of them ever had an operation.

The three most delightful feminine occupations are, changing her clothes, her mind and—her name.

A woman has two views of a secret. Either it's not worth keeping, or it's too good to keep.

For anatomical reasons it is impossible for a woman to run as fast as a man. But she can think faster, and that's how she catches him!

"IN THE SPRING—TRA-LA-LA . . ."

Love is a great life, if you don't waken.

Love makes the world go round, but marriage keeps it on the square.

Perhaps the only safe and certain way for a man to get rich quick is to marry a good woman.

A young man's hardest problem is to find a girl attractive enough to please him, and dumb enough to like him.

Courtship is the moonlight of love. Marriage is the electric light bill.

You can't kiss a girl unexpectedly. The nearest you can come to it is to kiss her sooner than she thought you would.

God made woman both beautiful and foolish—beautiful, that man might love her; foolish, that she might love him.

Love levels all things but the head.

The only two who can live as cheaply as one, are the flea and the dog.

Courtship consists in a fellow running after a woman until she has caught him.

A car parked on a lonely road is only two generations removed from the old parlor sofa.

A few weeks after the elopement, the impetuous Benedict begins to wonder what the rush was about.

Love is like a poker game: It takes a pair to open, she gets a flush, he shows diamonds, and it ends with a full house.

A young fellow says his girl has an "impromptu" complexion. She makes it up as she goes along.

BACHELOR: An unmarried man who

has been singularly lucky in his love affairs.

Some people "marry for love," while others just get married and live happily ever after.

Love at first sight usually ends in divorce at first sight.

Before marriage the man takes the girl to places. After marriage he goes with her.

The love triangle generally turns out to be a wrecktangle.

A spot of rouge on a man's mouth is the sticker he gets for parking too long in one place.

The artistic application of face powder may catch a man, but it's the intelligent use of baking powder that keeps him caught.

It must be awful when a girl discovers that the man after her own heart isn't after it at all.

Many a girl is single today because she couldn't stay awake when some man talked about himself.

The girl who marries a no-account fellow, hoping to mend his ways, generally finds he isn't worth a darn.

Before getting the knot tied the young couple who agree that they want to get married should take an inventory to see if there is anything else on which they can agree.

Wedding Etiquette: It is bad form for the mother of the groom to cry louder than the mother of the bride.
